RESPONSE TO RESTRICTION REQUIREMENT

COMMISSIONER FOR PATENTS ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Office Action dated October 28, 2004, Applicant elects with traverse the invention of Group I, Claims 1-15, drawn to a lens.

Applicant respectfully traverses the outstanding restriction requirement for the following reason.

MPEP § 8703 states:

If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

The claims of the present invention would appear to be part of an overlapping search area. Accordingly, Applicant respectfully traverses the outstanding requirement on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

,

Application No. 10/735,690 Reply to Office Action of October 28, 2004

Therefore, it is respectfully requested that the requirement to elect a single invention be withdrawn, and that a full examination on the merits of Claims 1-19 be conducted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,

MAIER & NEUSTADT, P.C.
